## **CMD's Message**

**Confidence Petroleum India Ltd.**

# Chairman's Speech

## **Chairman Speech**

The world around us is turbulent since past few months. The pandemic has changed in an unprecedented way the professional and personal lives of each & everyone the world over. I hope and pray that each of you, your families and the society around you remains healthy and safe. I also take a moment's silence to those who sacrificed their lives in our fight against the pandemic.

As the pandemic spread and lockdown announced subsequently, although our key priority was to ensure health and well-being of our employees and the end users, we stood shoulder to shoulder with our stakeholders to ensure business continuity and nullify the disruption in the supply chain.

The lockdown tested our business model, the resilience of our team and adaptability of our delivery model too. We responded to the challenge with agility and withstood the shocks or disruptions.

## **Key macro developments shaping the Company's prospects**

India continued to be recognized amongst the fastest growing economies globally, even during these testing times of disruption in the global economic activities. Thanks to the efforts of Indian Government, the Governmental agencies and the focus on inclusive growth. The short term monetary and fiscal policy is expected to help Indian businesses roll back on track at a faster pace.

LPG was the only fuel which continued to grow during the lockdown. Thanks to penetration of fuel to the lower strata of society. Further, the downfall in global LPG prices helped increasing adoption of the fuel for industrial purposes as substitute to fossil fuels.

The energy industry is at an inflection point. Oil prices and consequently LPG prices continued to remain low. The continuing policy amendments to adopt clean energy by various states and the Central Government further increased the industrial applications of the fuel. India still has a long way to go with Air Quality Index ratings and continue to be one of the most air polluted countries in the world.

The pandemic has provided unprecedented opportunities for positioning of LPG as a safe, non-pollutant and cheaper fuel, with many industries across the country converting their existing thermal/oil based industries to LPG. These investments by manufacturers are expected to increase in the next 2 to 3 years.

## **Performance and Strategies**

In preparation, CPIL revisited the strategic review for 2019-2022 to increase its positive impact to the environment, industry, stakeholders and valuable clients as we respond to opportunities provided within the Indian energy industry and help its transition to a low carbon economy.

The Company has achieved consolidated turnover of Rs. 1077.77 Crs up from Rs. 873.34 Crs in FY 2018-19. The Company has been able to achieve this growth in turnover despite decrease in prices by around 10 to 20 % in various segments. The Operating Profit has increased from Rs. 124.58 Crs to Rs. 130.90 Crs. However profit after tax has declined because huge surge in depreciation during the year. Owing to various expansion programmes undertaken by company particularly in ALDS segment. Though Company has in current year too also completed various projects however commercial operations were pending due delay in procuring licenses. The company is expected to complete this process in near future and expected to grow miles.

The COVID -19 PANDEMIC which has hit business worldwide has also hit our business we have made necessary steps to contain its ill effects in business like re-negotiation of lease rentals / rationalization of salaries and overheads.

The company has been able to achieve 50 % turnover in current period and is expected to achieve 75 % of turnover looking after performance of previous year in current scenario however future is still un predictable.

The Company met its targets in 2019-20, which is largely due to our vertically integrated business models across LPG space. However, the unanticipated nationwide lockdown did take a toll on the inventory, which we are sure to cover in the near future. Over the years, we benefitted from economies, improved cost efficiencies through a judicious management of inventories, managed cash flows, focus on value-added products; adding new territories and aligning long-term business strategies with diverse stakeholder expectations.

The year 2019-20 had set momentum for CPIL to achieve the strategic and operational goals set for future years. During the nationwide lockdown, which disrupted operations of a majority of our clients, we worked alongside them and kept a safe and secured supply chain.

Your Company established a central war room to deal with the disruptions and we ensured, we speak to each of our major customers. On the Auto LPG front, we started the much applauded free sanitization scheme at over 150+ locations across the country. While we continued to take care of our clients, we were rewarded, with Go Gas becoming a choice of Auto LPG fuel retailer at major locations.

Our future lies in our strategy. We had, we have and we will always continue to stand along with our clients and do our part to help them manage fuel costs and ensure competitiveness.

Going in future, we see significant gains from our packed cylinder marketing and the Auto LPG divisions. We have made a good progress in developing our dealer and stockist network in new states and developing the right vendor relations to service our Auto LPG stations.

During the lockdown, we continued to establish our dealer network and have received overwhelming response, signing up with entrepreneurs who wanted to invest in a recession proof business of LPG.

Auto LPG, as a transport fuel, continues to grow and in 2020. Our previous discussions with various policymakers of the State and Central Government, for introducing Auto LPG in the Northern States have gained momentum.

Cheaper prices of Auto LPG and lower fuel switching costs, have seen overwhelming response in various cities for shift of vehicles from Petrol to Auto LPG.

As a Company, we are increasingly agile and readily adapting to the newer realities brought in by the Covid-19 pandemic. We are keenly looking at our downstream activities within the oil and gas space to secure our supplies of LPG at competitive rates.

### **Expansion Plan**

The pandemic has altered our expansion plans; we have opened up dealerships for Auto LPG Dispensing Stations and negotiating with other private bottlers, for co- bottling facilities. The theme of the year will be to stay agile and expand the retail network at a higher pace.

### **Our People – Driving The Momentum**

While we initiated the performance management plan as on track, the pandemic further pushed our digitalization at a faster pace. Our organizational values helped us tide over the pandemic to gain the accelerated momentum. We are more agile and have new talents to further grow and improve our digital footprint.

Our spirit of professionalism is the key quality at a time of growth inflection. We are determined to recognize the talent in the Company's businesses and to support development of people from early in their careers, not just to top-level succession planning but focusing on divisional and departmental leadership.

Your Company takes pride in growth of its employees and their families, who helped the Company and the clients to tide over the disruption caused by the Covid-19 pandemic.

### **Closing Thoughts**

The Group has strong financial control, sound administration and robust & transparent governance. Moreover, we are building the assets and the teams to secure further growth.

I would like to end by expressing my sincere thanks to all our talented and committed colleagues for their unstinting hard work and dedication. I would also like to thank our Board Members for their constant guidance. Finally, I would like to thank all our stakeholders for being with us and immense contribution to our success.

While we remain focused on the task in hand, we are committed to delivering our strategies and to drive profitability within the business, building upon the successes we achieved in 2019-20. We reaffirm our commitment to nation building by curbing air pollution and moving towards sustainable development.

Best Wishes,

Nitin Khara

## Industry Structure And Developments

### LPG Industry

Liquefied Petroleum Gas or LPG is a group of flammable hydrocarbon gases that are liquefied through pressurization and commonly used as fuel. It is a natural element derived by combination with other hydrocarbon fuels, typically crude oil and natural gas. It is produced during natural gas processing and oil refining and liquefied through pressurization and stored in pressure vessels. While over 90% of demand for LPG comes from domestic consumers, the consistent hike in excise duty of automotive fuels such as diesel and petrol has made commercial LPG a favourable option for automotive segment as well. Petrol and diesel still continued to be under excise and benefit of GST is not available.

During lockdown mobility in various cities is highly restricted, but steep hike in the prices of petrol & diesel has given immense opportunities for Auto LPG with larger number of vehicles to shift for alternative fuel i.e. Auto LPG to save money.

LPG has become the most popular domestic cooking fuel. The Government's initiatives to provide safe and clean fuel to every household has made India the second largest consumer of LPG fuel globally. On an average, India consumes 20 million tonnes per annum with an average growth in excess of 8% per annum. The prevailing Covid-19 pandemic had further pushed the volumes of residential LPG. Most urban population understood the benefits of composite cylinders, marketed under the brand name "GoGas Elite" and has given selling opportunities within residential segment.

LPG penetration in the rural areas also continued to be healthy with the introduction of various Government schemes. Under these schemes more than 90% of Indian households have access to LPG, up from 55% in 2016.

### Outlook

LPG demand from the residential segment is expected to witness heavy growth momentum in the coming months, or until the pandemic is brought under control. As per Oil Ministry projections, LPG consumption is expected to grow to 30.3 million tonnes by 2025 and 40.6 million tonnes by 2040. (Source: Economic Times)

### Threats

The major threat to LPG industry is City Gas Distribution network and Electric Vehicles (EV). The company, however don't foresee any major threat in coming 7 to 10 years as both City Distribution network and EV require huge investment in infrastructure so also lots of challenges are involved in the success of PNG, CNG and EV looking to the paying capacity and geographical bottlenecks.

## **Opportunity**

LPG prices have sharply declined as compared to its highs in 2017-18. As a result, LPG has become an attractive and feasible fuel in comparison to other fuels like CNG. The decline in the prices of LPG is the result of fall in the prices of two major components of LPG i.e. Propane and Butane.

Increased monitoring and environmental audits, strict pollution norms are forcing many industries to shift from Oil and coal to alternative fuel-LPG.

LPG is clean and cheap fuel for automotive segment LPG is third most commonly used automotive fuel following petrol and diesel. It fuels more than 26 million vehicles across 70 countries of the world. The economic viability and environmental friendliness of LPG paved way for use of LPG, the Green & clean fuel as automotive fuel in India as well. The use of auto LPG by automotive sector in India commenced in the year 2000. Today, there are over 1,800 Auto LPG Dispensing Stations (ALDS) set-up across India. State Governments of Karnataka, Maharashtra, Tamil Nadu, Andhra Pradesh, Telangana, Rajasthan and West Bengal have made use of LPG mandatory by auto rickshaws raising the demand of LPG by 45%. ## **RISKS, THREATS AND CONCERNS**

The Company focuses on managing capital judiciously to ensure that the debt equity ratio remains comfortable and the Company is not financially stressed under any circumstances. The company follows appropriate Risk Management Policy mechanism commensurate with its size and business operations. Stringent controls on project costs are exercised so also strictly monitor project cost overruns, if any.

The Company has devised a Risk Management Policy and the management is coherently working to adhering to it to achieve sustainable growth and mitigate risks and threats.

Company's business is primarily regulated and monitored by Bureau of Indian Standards and Petroleum And Explosives Safety Organization (formerly Chief Controller of Explosives). The Company is required to adhere to their standards and norms which helps in mitigating the risks and threats.

The major threat to LPG industry is City Gas Distribution network and Electric Vehicles (EV). The company, however don't foresee any major threat in coming 7 to 10 years as both City Distribution network and EV require huge investment in infrastructure so also lots of challenges are involved in the success of PNG, CNG and EV looking to the paying capacity and geographical bottlenecks. Requirement of huge Capex for both City Gas Distribution network and Electric Vehicles and foreseeing the Indian geographic condition comprising most of the rural areas, it is not practically possible to establish the same.

All the properties and assets belonging to the Company have been adequately insured.

## SEGMENTWISE REVIEW

### 1. AUTO LPG SEGMENT

With in-depth knowledge and thoughts understanding CPIL has successfully emerged as the largest and fastest growing player in ALDS segment in the private sector under the brand name 'GOGAS'. CPIL'S approach to ALDS made it a game changer. The company has been licenced by Petroleum And Safety Organization (Formerly Chief Controller Of Explosives) to undertake the business of LPG purchase. The Company has its Auto LPG Dispensing Stations are located in different States of the country viz. Karnataka, Tamil Nadu, Telengana, Andhra Pradesh, Maharastra, RajhsthanMadayaPardesh and West Bengal.

Undoubtedly, the company's business under this segment is affected due to Covid pandemic, still we foresee that in the coming period the prevailing scenario will change and the public transport shall ply as earlier improving the sales under this segment. If we compare the prices of Auto LPG with other fuels, the price of LPG in international market has come down drastically, which made Auto LPG the most cheaper & feasible fuel for automobiles and industries. Further no other fuel can compete with LPG as less Capex is required for setting-up infrastructure as distribution of Auto LPG is through containers and does not involve distribution pipelines channels for to the end user.

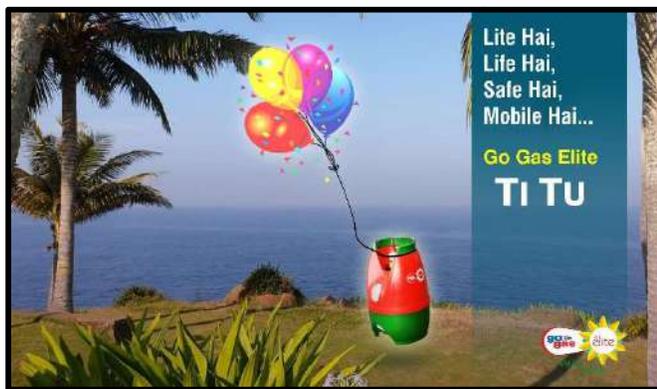

During the Current financial year Company was able to achieve a turnover of 119.81 million ltrs up from 90.80 Ltrs archived in FY 2018-19 i.e, a jump in quantity of around 32.30 %. This robust performance [of only 11 months in current year (one month lost in pandemic) ] may be attributed to effective management by company of its various resources and in particular marketing initiatives taken for increase in turnover. Despite tremendous rise in quantity top line couldn't increase as compared to quantity as prices of LPG fell by nearly 11%. Though in current year in times PANDEMIC it has been difficult for most of us to sustain including company. The Company in ensuing has been able to achieve 60 % of its existing turnover in this segment and is further expecting to achieve around 75 % of turnover that it has achieved in FY 2019-20. However since future of pandemic is still uncertain we can only make estimates.

### 2. LPG RETAIL SEGMENT/PACKED LPG SEGMENT-

In this segment Company undertake retail marketing of Packed LPG Cylinders under the brand name 'GoGas' and 'GoGas elite'. It caters huge demand of non-subsidised segment, Hotels / restaurants / cafes (HORECA) and other industries. It is available in cylinders of different sizes ranging from 12kg 15kg, 17kg, 21kg and 33 kg. The Company is introducing 450 kg LOT cylinders for industrial and commercial applications. Certainly, Covid pandemic had impact on sales in this segment also, but with the start of Unlock phase the take away facility for HORECA is already permitted by the Government as a result the sales of this segment is restoring and Company expect better sales once the Covid pandemic is over, as it is focusing on marketing and capturing new market for this segment as well.

During the Current financial year Company was able to achieve a turnover of 85,152 Metric tonnes up from 50150 Mts in FY 2018-19 ie., a jump in quantity of around 69.79 %. This top class performance [of only 11 months in current year (one months lost in pandemic) ] is due to wider reach by functional and effective dealer and distributor network base set up by company. The company has through various initiatives and schemes depending on nature and size of market achieved this performance. Despite tremendous rise in quantity topline could not increase as compared to quantitative jump as prices of LPG fell by nearly 20%. In current of PANDEMIC it has been difficult for most of us to survive the company has performed well. During the ensuing year the company has been able to achieve 60% of its existing turnover in this segment and is further expecting to achieve around 75 % of turnover achieved in FY 2019-20. However since future of pandemic is still not clear we can only make estimates.

### 3. BOTTLING DIVISION

The company is the largest LPG bottler in the private sector having PAN India presence. Company is engaged in bottling for major oil giants like BPCL HPCL Reliance so also undertake bottling for its own brand 'GoGas' (LPG RETAIL SEGMENT). In coming days company shall focus on bottling of its own brand 'GoGas' as the sales in retail segment is expected to grow. Simultaneously, company will also undertake bottling for various oil majors i.e BPCL, HPCL, RELIANCE. As all the bottling

plants of the company are strategically located, will help company save cost on logistics so also store the stock at various locations for distribution. Company is working on hub and spoke model. With the help of bottling plants company provide uninterrupted and timely service to its own retail segment and oil majors.

During the Current financial year Company was able to achieve a turnover of Rs. 29.54 Crs a drop from 39.22 Crs in FY 2018-19 ie., a slide in quantity of around 25%. This slide in performance [of only 11 months in current year (one months lost in pandemic) ] is due to completion of various tenders and delay in receiving extensions / re-orderd. However in current year we are expecting good results in this segment.

#### 4. CYLINDER DIVISION

CPII is one of the largest private sector player in LPG this industry with its strategically located plants to serve its customers. First mover advantage and strong track record have resulted in outstanding customer base and strong brand image. The organisation is well equipped with capabilities to provide a complete range of LPG cylinders primarily to PSU oil majors viz. BPCL,HPCL,IOCL and secondly to other private players like Reliance. With PAN India presence the division enjoys logistic advantages. Because of the Covid pandemic the PSU Oil giants are focusing on service to its existing customers rather than focusing on new customers base. Once the prevailing Covid issue is resolved they will focus on new customer base through different schemes like Ujawalla, new connection schemes, which will help company get new orders for LPG cylinders. The company foresees huge orders from PSU Oil majors once the Covid pandemic is over.

During the Current financial year Company was able to achieve a turnover of 17.23 Lacs Cylinders from 22 Lacs Cylinders in FY 2018-19 i.e., a slide in quantity of around 22.85%. This slide in performance [of only 11 months in current year (one month lost in pandemic) ] may be attributed to delay in receiving orders from PSU Oil Majors which are its principal source of revenue.. Though in current year in times PANDEMIC it has been difficult for most of us to sustain including company. However during the ensuing year the company has been able to achieve 20 % of its existing turnover in this segment and is further expecting to achieve around 50 % of turnover achieved in FY 2019-20. However since future of PANDEMIC is still not clear we can only make estimates.

#### 5. CORPORATE SOCIAL RESPONSIBILITY

At Confidence Petroleum, we firmly believe in fulfilling our social responsibility towards the society. This year during Covid-19 pandemic period the company undertook the task of sanitizing each and every auto which visited its Auto LPG Dispensing Stations so also sanitized each and every cylinder before distribution to the end user and distributed

Masks and sanitizers as a part our drive towards nation building and health care. The company has been extremely concerned over connecting to nations drive towards building literacy and quality education and for

this it has collaborated with educational institutes engaged in such activity. Further Company has also done plantation activity in various bottling plants / Pumps of the company for better environment.

# CONFIDENCE PETROLEUM INDIA LIMITED

## INDEPENDENT AUDITORS REPORT

### INDEPENDENT AUDITOR'S REPORT

TO  
THE MEMBERS OF CONFIDENCE PETROLEUM INDIA LIMITED  
Report on the Audit of the Standalone Financial Statements

#### Opinion

We have audited the accompanying standalone financial statements of Confidence Petroleum India Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	Accuracy of recognition, measurement, presentation and disclosures of revenues and other related balances in view of adoption of Ind AS 115 "Revenue from Contracts with Customers" (new revenue accounting standard)	<b>Principal Audit Procedures :-</b> We assessed the Company's process to identify the impact of adoption of the new revenue accounting standard. We have obtained an understanding of and assessing the design, implementation and operating effectiveness of managements key internal controls relating to the reconciliation of revenue, including to the reconciliation of sales records to cash / credit card / online receipts preparation, posting and approval of manual journal entries relating to revenue recognition

The application of the new revenue accounting standard involves certain key judgements relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenue recognized over a period. Additionally, new revenue accounting standard contains disclosures which involves collation of information in respect of disaggregated revenue and periods over which the remaining performance obligations will be satisfied subsequent to the balance sheet date.

Refer Notes 1.4a and 2.16 to the Standalone Financial Statements

- Evaluated the design of internal controls relating to implementation of the new revenue accounting standard.
- Selected a sample of continuing and new contracts, and tested the operating effectiveness of the internal control, relating to identification of the distinct performance obligations and determination of transaction price. We carried out a combination of procedures involving enquiry and observation, re performance and inspection of evidence in respect of operation of these controls.
- Tested the relevant information technology systems' access and change management controls relating to contracts and related information used in recording and disclosing revenue in accordance with the new revenue accounting standard.
- Selected a sample of continuing and new contracts and performed the following procedures:
  - Read, analysed and identified the distinct performance obligations in these contracts.
  - Compared these performance obligations with that identified and recorded by the Company.
  - Considered the terms of the contracts to determine the transaction price including any variable consideration to verify the transaction price used to compute revenue and to test the basis of estimation of the variable consideration.
  - Samples in respect of revenue recorded for time and material contracts were tested using a combination of approved time sheets including customer acceptances, subsequent invoicing and historical trend of collections and disputes.
  - In respect of samples relating to fixed price contracts, progress towards satisfaction of performance obligation used to compute recorded revenue was verified with actual and estimated efforts from the time recording and budgeting systems. We also tested the access and change management controls relating to these systems.
  - Sample of revenues disaggregated by type and service offerings was tested with the performance obligations specified in the underlying contracts.
  - Performed analytical procedures for reasonableness of revenues disclosed by type and service offerings.
  - We reviewed the collation of information and the logic of the report generated from the budgeting system used to prepare the disclosure relating to the periods over which the remaining performance obligations will be satisfied subsequent to the balance sheet date.
  - We have obtained reconciliation of retail sales as per books of account with the sales as per indirect tax records and inquire about reasons for differences, if any
  - Performing an analysis of the manual journal entries passes during the year.

<p>2</p>	<p>The Company's major part of inventory comprises finished goods which are geographically spread across multiple locations such as retail stores, depots and factories. These inventories are counted by the Company on a cyclical basis and accordingly provision for obsolescence of inventories is assessed and recognized by the management in the financial statements based on management estimation as at end of reporting period. The Company manufactures and sells goods which may be subject to changing consumer demands and fashion trends. Significant degree of judgment is thereby required to assess the net realizable value of the inventories and appropriate level of provisioning for items which may be ultimately sold below cost. Such judgment include management's expectations for future sale volumes, inventory liquidation plans and future selling prices less cost to sell. Based on above, existence and valuation of inventories has been identified as a key audit matter.</p>	<p>In view of the significance of the matter, we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence:</p> <p>A) Obtaining an understanding of and assessing the design, implementation and operating effectiveness of management's key internal controls relating to physical verification of inventories by the management and the internal auditors of the Company, identification of obsolete and slow moving inventories, inventories with low or negative gross margins, monitoring of inventory ageing and assessment of provisioning and of net realizable values.</p> <p>B) Assessing whether items in the inventory ageing report prepared by the management were classified within the appropriate ageing bracket;</p> <p>C) Performing a review of the provisions for inventories by examining movements in the balance during the current year and new provisions made for inventory balances as at 31 March 2018 during the current year to assess the historical accuracy of management's inventory provisioning process;</p> <p>D) Assessing, on a sample basis, the net realizable value of slow-moving and obsolete inventories and inventories with low or negative gross margins as calculated by management with reference to prices achieved and costs to sell after the financial year end.</p> <p>E) Attending cyclical inventory counts at selected stores, factories, retail distribution centres and wholesale distribution centres twice during the reporting period and evaluating the results of the cycle counts performed by the management throughout the year to assess management's estimation of the provisioning.</p>

### Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone

financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Management's Responsibility for the Standalone Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

☑ Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient

and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

☑ Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

☑ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

☑ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial

statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

☑ Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## **Report on Other Legal and Regulatory Requirements**

1. As required by Section 143(3) of the Act, based on our audit we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the IND AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.

ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.

iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

## **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of M/s Confidence Petroleum India Limited as of 31-Mar-2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence I/we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and

expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31-Mar-2020.

The preparation of financial statements is in accordance with the Indian Accounting standard ('IND AS') notified under section 133 of the Companies Act, 2013 ("the Act) read with the Companies Indian Accounting standard Rules 2015 as amended.

##### Use of estimates

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in the future periods.

##### Current / Non-current classification:

An asset is classified as current when it satisfies any of the following criteria:

- (i) it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- (ii) it is held primarily for the purpose of being traded;
- (iii) it is expected to be realised within twelve months after the reporting date; or
- (iv) it is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

All other assets are classified as non-current.

A liability shall be classified as current when it satisfies any of the following criteria:

- (i) it is expected to be settled in, the Company's normal operating cycle;
- (ii) it is held primarily for the purpose of being traded;
- (iii) it is due to be settled within twelve months after the reporting date; or
- (iv) the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the opinion of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

## **B) Property Plant & Equipment**

### **Tangible Assets**

Tangible Assets are stated at cost net of recoverable taxes, trade discounts and rebates and include amounts added on revaluation, less accumulated depreciation and impairment loss, if any. The cost of Tangible Assets comprises its purchase price, borrowing cost and any cost directly attributable to bringing the asset to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets. Subsequent expenditures related to an item of Tangible Asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance. Projects under which assets are not ready for their intended use are disclosed under Capital Work-in-Progress.

Gain or losses arising from disposal of tangible assets are measured as the difference between the net disposal proceeds and the carrying amount of assets and are recognized in the statement of profit and loss when the assets is disposed.

### **Intangible Assets**

Intangible Assets acquired separately are recorded at cost at the time of initial recognition following initial recognition intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses

### **LEASES**

Determining whether an arrangement contains a lease

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in the arrangement.

Where the Company is a lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the company is classified as a finance lease.

Finance leases are capitalized at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term

Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

### **ASSET IMPAIRMENT**

Management Periodically assesses, using external and internal sources whether there is an indication that an asset may be impaired. An impairment is recognized whenever the carrying value of the asset exceeds its recoverable amount. Recoverable amount is higher of an assets net selling price and its value in use. An impairment loss, if any, is recognized in the Statement of profit & Loss in the period in which impairment takes place

### **FINANCE COSTS**

Borrowing costs that are directly attributable to the acquisition or construction of an asset that necessarily takes substantial period of time to get ready for its intended use are capitalized as a part of the cost of that asset till the date it is ready for its intended use or sale. Other borrowing costs are recognized as an expense in the period in which they incurred.

## C) DEPRECIATION AND AMORTIZATION

### Tangible Assets

Depreciation on Fixed Assets is provided to the extent of depreciable amount on the written down value Method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

In respect of additions or extensions forming an integral part of existing assets and insurance spares, including incremental cost arising on account of translation of foreign currency liabilities for acquisition of Fixed Assets, depreciation is provided as aforesaid over the residual life of the respective assets.

Depreciation and amortization methods, useful lives and residual values are reviewed periodically, including at each financial year end.

### Intangible Assets

Intangible Assets with finite lives are amortized over useful economic life and assessed for impairment whenever there is an indication that the intangible assets may be impaired. The amortization period and amortization method for an intangible asset with a finite useful life are reviewed at the end of each reporting period.

## D) INVESTMENTS

### Investments in subsidiaries and associates

Investments in subsidiaries and associates are recognized at cost, less impairment loss (if any) as per Ind AS 27. Investments are reviewed for impairment if events or changes in circumstances indicate that the carrying amount may not be recoverable.

### Other Investments

Long term investments including interest in incorporated jointly controlled entities, are carried at cost less impairment loss if any, after providing for any diminution in value, if such diminution is of permanent nature. Current investments are carried at lower of cost or market value. The determination of carrying amount of such investments is done on the basis of specific identification. Investments in integrated joint ventures are carried at cost net of adjustments for Company's share in profit or losses as recognized.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis.

Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between carrying amount and net disposal proceeds is charged or credited to the Profit and loss Statement.

## E) INVENTORIES

Inventories –are valued as follows: (In accordance with IND AS -2)	
Raw materials	Lower of cost or net realizable value. However, materials and other items
	held for use in the production of inventories are not written down below cost
	if the finished products in which they will be incorporated are expected to be
	sold at or above cost. Cost is determined on Weighted Average basis.
	Cost of raw materials comprises of cost of purchase (net of discount) and
	other cost in bringing the inventory to their present location and condition
	excluding Goods and Service Tax / / Countervailing duty. Customs duty on stock lying in
	bonded warehouse is included in cost.
Work-in-progress and Finished goods	Lower of cost and net realizable value. Cost includes direct materials and
	labor and a proportion of manufacturing overheads based on normal
	operating capacity. Cost of finished goods includes excise duty. Cost is
	determined on Weighted Average basis.

## F) REVENUE RECOGNITION

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

### Sale of Goods /Services

Revenue is recognized when the significant risks and rewards of ownership of the goods have passed to the buyer. The Company collects Good and Service Tax / other taxes on behalf of the government and, therefore, these are not economic benefits flowing to the Company. Hence, they are excluded from revenue.

### Interest Income

- a) Interest income is recognized on a time proportion basis considering the carrying amount and the effective interest rate. Interest income is included under the head 'Other income' in the statement of profit and loss Separate disclosure of Tax Deducted at Source has been made by the Company.

### Dividends

Revenue is recognized when the Company's right to receive the dividend is established by the reporting date. Dividend income is included under the head 'Other income' in the statement of profit and loss..

## **G) FOREIGN CURRENCY TRANSACTIONS**

Foreign currency transactions are accounted at the exchange rates prevailing at the date of the transaction. Gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies, are recognized in the Profit and Loss Account.

Monetary Foreign Currency asset and liabilities at the year end are translated at the year end exchange rates and the resultant exchange difference are recognized in profit and loss account statement.

## **H) Retirement and other employee benefits**

### **(i) Provident Fund**

Provident fund is a defined contribution plan covering eligible employees. The Company and the eligible employees make a monthly contribution to the provident fund maintained by the Regional Provident Fund Commissioner equal to the specified percentage of the basic salary of the eligible employees as per the scheme. The contributions to the provident fund are charged to the statement of profit and loss for the year when the contributions are due. The Company has no obligation, other than the contribution payable to the provident fund.

### **(ii) Gratuity**

Gratuity is a defined benefit obligation plan operated by the Company for its employees covered under the Company Gratuity Scheme. Since company is having huge turnover of employee and further employees are appointed are also only of fixed term of 1 to 2 years hence liability gratuity does not arise and provided.

### **(iii) Leave encashment**

Accumulated leave, which is expected to be utilized within the next twelve months, is treated as short-term employee benefit for measurement purposes. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the reporting date. Re-measurements, comprising of actuarial gains and losses are recognized in full in the statement of profit and loss.

The Company presents the entire leave encashment liability as a current liability in the balance sheet, since employee is entitled to avail leave anytime and hence the company does not have an unconditional right to defer its settlement for twelve months after the reporting date.

## **I) SEGMENT REPORTING**

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole. ## **K) PROVISIONS**

A provision is recognized when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

## L) TAXES ON INCOME

The Tax expense for the period comprises of current and deferred Income tax. Tax is recognized instatement of Profit & Loss, except to the extent it relates to its items recognized in the Other Comprehensive Income or in equity. In which case, the tax is also recognized in other Comprehensive Income or Equity.

### Current Tax

Current Tax is asset and liabilities are measured at the amount expected to be recovered from or paid to the Income tax Authorities, based on tax rates and laws that are enacted at the Balance Sheet date. **Deferred Tax**

Deferred Tax is recognized on temporary differences between the carrying amounts of the assets and liabilities in which the liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred Tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realized, based on the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

### Contingent liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

### Financial Risk Management

The following methods and assumptions were used to estimate the fair values: ·

Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments

Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The Financial Instruments are categorized in two level based on the inputs used to arrive at fair value measurement as described below

**Level 1:** quoted (unadjusted) prices in active markets for identical assets or liabilities

**Level 2:** other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

**Recent accounting pronouncements****Standards issued but not effective**

The amendments to standards that are issued, but not yet effective, up to the date of issuance of the Confidence Petroleum India Limited ("Company") financial statements are disclosed below. The company intends to adopt these standards, if Applicable, when they become effective.

**Ind AS 116 Leases**

Ind AS 116 Leases replaces Ind AS 17 Leases, including appendices thereto and is effective for annual periods beginning on or after April 1, 2019. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on –balance sheet model similar to the accounting for finance leases under Ind AS 17. The standard includes two recognition exemptions for lessees leases of "low-value" assets (e.g. personal computers) and short term leases (i.e., leases with a lease term of 12 months or less). At the commencement date of a lease, a lessee will recognize a liability to make lease payments (i.e. the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e. the right-of-use asset). Lessees will be required to separately recognize the interest expense on the lease liability and the depreciation expense on the right-of –use asset

Lessees will be also required to re-measure the lease liability upon the occurrence of certain events (e.g. a change in the lease term, a change in future lease payments resulting from a change in an index or rate used to determine those payments). The lessee will generally recognize the amount of the re-measurement of the lease liability as an adjustment the right-of-use asset.

Lessor accounting under Ind AS 116 is substantially unchanged from today's accounting under Ind AS 17. Lessors will continue to classify all leases using the same classification principle as in Ind AS 17 and distinguish between two types of leases: operating and finance leases.

Ind AS 116, which is effective for annual periods beginning on or after April 1, 2019, requires lessees and lessors to make more extensive disclosures than under Ind AS 17.

The Company will adopt Ind AS 116 from financial year beginning April 1, 2019. On adoption, the Company expects to recognize lease liabilities with corresponding ROU assets for certain leases where the company is a lessee. The single lessee accounting model of Ind AS 116 will result in a front-loaded lease expense pattern. While the Company continues to evaluate certain aspects of Ind AS 116, it does not expect Ind AS 116 adoption to have a material effect on its financial statements.

The Company is analyzing potential changes to the current accounting practices and are in the process of implementing the same in connection with the adoption of Ind AS 116.

In addition to Ind AS 116, the MCA has also notified the following changes which are effective from financial year beginning 1 April. The Company will adopt these changes from the date effective however, the adoption of these changes is unlikely to have any impact on the financial statements

Appendix C to Ind AS 12 Uncertainty over Income Tax Treatment

Amendments to Ind AS 19: Plan Amendment, Curtailment or Settlement

Amendments to Ind AS 28: Long –term interests in associates and joint ventures

Annual Improvement to Ind AS (2018)

These Improvements include:

- Amendments to Ind AS 103 : Party to a Joint Arrangements obtains control of a business that is a Joint Operation
- Amendments to Ind AS 111 : Joint Arrangements
- Amendments to Ind AS 12 : Income Taxes
- Amendments to Ind AS 23 : Borrowing Costs

### B. ACCOUNTING CONVENTION

The Financial Statements have been prepared on the historical cost basis. Further, the Company maintains its accounts in accrual basis accounting policies are consistently applied by the Company to all the period mentioned in the financial statements.

The preparation of financial statements is in accordance with the Indian Accounting standard ('IND AS') notified under section 133 of the Companies Act, 2013 ("the Act) read with the Companies Indian Accounting standard Rules 2015 as amended.

#### Use of estimates

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in the future periods.

#### Current / Non-current classification:

An asset is classified as current when it satisfies any of the following criteria:

- (i) it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- (ii) it is held primarily for the purpose of being traded;
- (iii) it is expected to be realised within twelve months after the reporting date; or
- (iv) it is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

All other assets are classified as non-current.

A liability shall be classified as current when it satisfies any of the following criteria:

- (i) it is expected to be settled in, the Company's normal operating cycle;
- (ii) it is held primarily for the purpose of being traded;
- (iii) it is due to be settled within twelve months after the reporting date; or
- (iv) the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the opinion of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

## B) Property Plant & Equipment

### Tangible Assets

Tangible Assets are stated at cost net of recoverable taxes, trade discounts and rebates and include amounts added on revaluation, less accumulated depreciation and impairment loss, if any. The cost of Tangible Assets comprises its purchase price, borrowing cost and any cost directly attributable to bringing the asset to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets. Subsequent expenditures related to an item of Tangible Asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance. Projects under which assets are not ready for their intended use are disclosed under Capital Work-in-Progress.

Gain or losses arising from disposal of tangible assets are measured as the difference between the net disposal proceeds and the carrying amount of assets and are recognized in the statement of profit and loss when the assets is disposed.

### Intangible Assets

Intangible Assets acquired separately are recorded at cost at the time of initial recognition following initial recognition intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses

## LEASES

Determining whether an arrangement contains a lease

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in the arrangement.

Where the Company is a lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the company is classified as a finance lease.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term

Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term.

## ASSET IMPAIRMENT

Management Periodically assesses, using external and internal sources whether there is an indication that an asset may be impaired. An impairment is recognized whenever the carrying value of the asset exceeds its recoverable amount.

Recoverable amount is higher of an assets net selling price and its value in use. An impairment loss, if any, is recognized in the Statement of profit & Loss in the period in which impairment takes place

## **FINANCE COSTS**

Borrowing costs that are directly attributable to the acquisition or construction of an asset that necessarily takes substantial period of time to get ready for its intended use are capitalized as a part of the cost of that asset till the date it is ready for its intended use or sale. Other borrowing costs are recognized as an expense in the period in which they incurred.

## **C) DEPRECIATION AND AMORTIZATION**

### **Tangible Assets**

Depreciation on Fixed Assets is provided to the extent of depreciable amount on the written down value Method Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013

In respect of additions or extensions forming an integral part of existing assets and insurance spares, including incremental cost arising on account of translation of foreign currency liabilities for acquisition of Fixed Assets, depreciation is provided as aforesaid over the residual life of the respective assets.

Depreciation and amortization methods, useful lives and residual values are reviewed periodically, including at each financial year end.

### **Intangible Assets**

Intangible Assets with finite lives are amortized over useful economic life and assessed for impairment whenever there is a indication that the intangible assets may be impaired. The amortization period and amortization method for an intangible assets with a finite useful life are reviewed at the end of each reporting period.

## **D) INVESTMENTS**

### **Investments in subsidiaries and associates**

Investments in subsidiaries and associates are recognized at cost, less impairment loss (if any) as per Ind AS 27. Investments are reviewed for impairment if events or changes in circumstances indicate that the carrying amount may not be recoverable.

### **Other Investments**

Long term investments including interest in incorporated jointly controlled entities, are carried at cost less impairment loss if any , after providing for any diminution in value, if such diminution is of permanent nature. Current investments are carried at lower of cost or market value. The determination of carrying amount of such investments is done on the basis of specific identification. Investments in integrated joint ventures are carried at cost net of adjustments for Company's share in profit or losses as recognized.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis.

Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between carrying amount and net disposal proceeds is charged or credited to the Profit and loss Statement.

## E) INVENTORIES

Inventories are valued as follows: (in accordance with IND AS 2)	
Raw materials	Lower of cost or net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on Weighted Average basis. Cost of raw materials comprises of cost of purchase (net of discount) and other cost in bringing the inventory to their present location and condition excluding Goods and Service Tax / Countervailing duty. Customs duty on stock lying in bonded warehouse is included in cost. B200

## F) REVENUE RECOGNITION

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

### Sale of Goods /Services

Revenue is recognized when the significant risks and rewards of ownership of the goods have passed to the buyer. The Company collects Good and Service Tax / other taxes on behalf of the government and, therefore, these are not economic benefits flowing to the Company. Hence, they are excluded from revenue.

### Interest Income

- a) Interest income is recognized on a time proportion basis considering the carrying amount and the effective interest rate. Interest income is included under the head 'Other income' in the statement of profit and loss Separate disclosure of Tax Deducted at Source has been made by the Company.

### Dividends

Revenue is recognized when the Company's right to receive the dividend is established by the reporting date. Dividend income is included under the head 'Other income' in the statement of profit and loss..

## **G) FOREIGN CURRENCY TRANSACTIONS**

Foreign currency transactions are accounted at the exchange rates prevailing at the date of the transaction. Gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies, are recognized in the Profit and Loss Account.

Monetary Foreign Currency asset and liabilities at the year end are translated at the year end exchange rates and the resultant exchange difference are recognized in profit and loss account statement.

## **H) Retirement and other employee benefits**

### **(i) Provident Fund**

Provident fund is a defined contribution plan covering eligible employees. The Company and the eligible employees make a monthly contribution to the provident fund maintained by the Regional Provident Fund Commissioner equal to the specified percentage of the basic salary of the eligible employees as per the scheme. The contributions to the provident fund are charged to the statement of profit and loss for the year when the contributions are due. The Company has no obligation, other than the contribution payable to the provident fund.

### **(ii) Gratuity**

Gratuity is a defined benefit obligation plan operated by the Company for its employees covered under the Company Gratuity Scheme. ## Fair Value Measurement

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values: ·

Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.

Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

**Recent accounting pronouncements**

**Standards issued but not effective**

The amendments to standards that are issued, but not yet effective, up to the date of issuance of the Confidence Petroleum India Limited ("Company") financial statements are disclosed below. The

company intends to adopt these standards, if applicable, when they become effective.

**Ind AS 116 Leases** Ind AS 116 Leases replaces Ind AS 17 Leases, including appendices thereto and is effective for annual periods beginning on or after April 1, 2019. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on – balance sheet model similar to the accounting for finance leases under Ind AS 17. The standard includes two recognition exemptions for lessees leases of “low-value” assets (e.g. personal computers) and short term leases (i.e., leases with a lease term of 12 months or less). At the commencement date of a lease, a lessee will recognize a liability to make lease payments (i.e. the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e. the right-of-use asset). Lessees will be required to separately recognize the interest expense on the lease liability and the depreciation expense on the right-of –use asset

Lessees will be also required to remeasure the lease liability upon the occurrence of certain events (e.g. a change in the lease term, a change in future lease payments resulting from a change in an index or rate used to determine those payments). The lessee will generally recognize the amount of the remeasurement of the lease liability as an adjustment the right-of-use asset.

Lessor accounting under Ind AS 116 is substantially unchanged from today’s accounting under Ind AS 17. Lessors will continue to classify all leases using the same classification principle as in Ind AS 17 and distinguish between two types of leases: operating and finance leases.

Ind AS 116, which is effective for annual periods beginning on or after April 1, 2019, requires lessees and lessors to make more extensive disclosures than under Ind AS 17.

The Company will adopt Ind AS 116 from financial year beginning April 1, 2019. On adoption, the Company expects to recognize lease liabilities with corresponding ROU assets for certain leases where the company is a lessee. The single lessee accounting model of Ind AS 116 will result in a front-loaded lease expense pattern. While the Company continues to evaluate certain aspects of Ind AS 116, it does not expect Ind AS 116 adoption to have a material effect on its financial statements.

The Company is analyzing potential changes to the current accounting practices and are in the process of implementing the same in connection with the adoption of Ind AS 116.

In addition to Ind AS 116, the MCA has also notified the following changes which are effective from financial year beginning 1 April. The Company will adopt these changes from the date effective however, the adoption of these changes is unlikely to have any impact on the financial statements

Appendix C to Ind AS 12 Uncertainty over Income Tax Treatment

Amendments to Ind AS 109: Prepayment Features with Negative Compensation

Amendments to Ind AS 19: Plan Amendment, Curtailment or Settlement

Amendments to Ind AS 28: Long –term interests in associates and joint ventures

Annual Improvement to Ind AS (2018)

These Improvements include:

- Amendments to Ind AS 103 : Party to a Joint Arrangements obtains control of a business that is a Joint Operation
- Amendments to Ind AS 111 : Joint Arrangements
- Amendments to Ind AS 12 : Income Taxes
- Amendments to Ind AS 23 : Borrowing Costs

During the Year Company further acquired and Consolidated M/s Sneha Petroleum, M/s North East Cylinders, M/s Blue flame Industries Limited, M/s SV Engineering Pvt Ltd
- b) The financial statements of the Company and its subsidiary companies are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealized profits or losses in accordance with Accounting Standard (AS) 21 - "Consolidated Financial Statements" issued by the Institute of Chartered Accountants of India.
- c) As far as possible, the consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the Company's separate financial statements.

2. Investments other than in subsidiaries and associates have been accounted as per Indian Accounting Standard (AS)32 on "Accounting for Investments".

3. Other significant accounting policies These are set out under "Significant Accounting Policies" as given in the Standalone Financial Statements of Confidence Petroleum India Ltd. and its subsidiaries. In the March, 2020 the COVID - 19 has accelerated globally resulting sharp decline of demand of LPG in global market resulting drastic fall in Bulk LPG prices globally As Company is procuring Bulk LPG from various sources with a prior monthly commitments, which company has fulfilled. But because of sudden government directives the consumption of LPG (Auto as well as Packed LPG ) came down drastically as hotels / Restaurants / Industries public transport system was completely locked down. The Company has determined the non-cash inventory holding losses in the LPG & Packed LPG businesses due to drastic drop in LPG prices accompanied with unprecedented demand destruction due to Covid-19 the same has been accounted for in accordance with IND As -2 regarding Valuation of Inventories.. The total impact on profitability accounts for 6.5 Crs.

**4. Retirement and other employee benefits**

**Post Retirement Benefits**

**i. Defined Contribution Plans**

Retirement benefits in the form of Provident Fund is a defined contribution scheme and the contributions are charged to the Profit and Loss Account of the year when the contributions to the respective fund are due. There are no other obligations other than the contribution payable to the respective fund.

**ii. Defined Benefit Plans**

Gratuity is a defined benefit obligation plan operated by the Company for its employees covered under the Company Gratuity Scheme. Since company is having huge turnover of employee and further employees are appointed are also only of fixed term of 1 to 2 years hence liability gratuity does not arise and provided.

ii. Leave Encashment
